Professional Summary

B.E. Electrical and Electronics Engineering student with strong interest in software development, full-stack web applications, embedded systems, and AI. Experienced in Java, React, Spring Boot, Node.js, and MySQL through academic and personal projects. Passionate about building scalable applications and solving real-world problems.

Skills

- **Languages:** C, Java, Python
- **Frontend:** React.js, HTML, CSS, JavaScript
- **Backend:** Spring Boot, Node.js
- **Database:** MySQL
- **Tools:** Git, VS Code, IntelliJ IDEA, Eclipse
- **Soft Skills:** Leadership, Teamwork, Problem Solving

Internship

Lambda Tech Softics, Virudhunagar

Dec 2024

- Developed embedded and IoT prototypes using microcontrollers and sensors.
- Connected IoT devices to cloud platforms for monitoring and control.
- Worked on embedded C, circuit design, and hardware integration.

Projects

Fake News AI (React, Spring Boot, MySQL)

- Built an AI-powered fake news detection platform with secure JWT authentication.
- Developed REST APIs, prediction history, and role-based admin/user dashboards.

E-Commerce Marketplace (React, Spring Boot, MySQL)

- Developed a full-stack marketplace supporting product listings, shopping cart, orders, and secure authentication.
- Implemented role-based access, product management, and responsive user interface.

Instagram Clone (React, Node.js, MySQL)

- Built a social media application with authentication, posts, likes, comments, and user profiles.
- Designed REST APIs secured with JWT and integrated MySQL for persistent storage.

Education

B.E. Electrical & Electronics Engineering, Karpagam Institute of Technology

2023–2027

CGPA: 8.05

Certifications

- **C Programming** – Learned strong syntax, logical thinking, and problem-solving techniques. Apr 2023
- **Python Basics** – Covered Python fundamentals, strong syntax, functions, and modular programming. Apr 2023
- **Design Thinking (Essentials & Practitioner)** – Applied user-centric problem-solving and structured innovation methods. Mar 2024
- **NASSCOM Workforce Employability** – Trained in professional communication, teamwork, and workplace readiness. Apr 2025
- **SQL (Basic)** – Database fundamentals, SELECT queries, filtering, and data retrieval. Jul 2025
- **SQL (Intermediate)** – Worked with joins, subqueries, aggregations, and advanced SQL operations. Jul 2025
